

Valentine, Be Mine!

How to play: Roll the dice or spinner to get the number of spaces you should move your token. Before you move, you must solve the **Be Mine** card, which could be a word you have to spell, a math problem to solve, or a question you must answer. Once you do so, you may move your token. If you miss it, you do not move.

Game Tokens: Cut these tokens out to use on the game board.
