

5th Grade

Today the Nailings introduced me to the neighbors and most of them were nice people. I couldn't wait to meet them in person. I got some new clothes and a good hair cut. I'm liking the Nailings so far and they cook delicious food for breakfast, dinner, and supper. I think I'd like to stay with the Nailings than run away like I thought about doing. I don't think I would want to live anywhere else.

I have a very interesting life because I love my family. I was born in 1992 in Tennessee when I joined my wonderful family. I get to go to the best school where we have the best teachers in the world. I get to have fun when I play with my sisters. My life is awesome and I feel lucky.

My name is Caleb, and I was born on October 20, 1992. I was born at Valdesse, NC in Valdesse Hospital. My mom named me after her dad. As a baby, I bounced in my bouncy seat for fun. When I started school, I went to kindergarten at Manley Elementary. My best friend's name was Jake Fielder. He had a sleep over, and it was the first sleep over I'd ever been to. My favorite subject in school was math because it was easy. My favorite thing to do after school is play my Play Station 2. As I grow up, I hope I get into the University of Miami. For my career, I want to play in the NBA. I want to be married and have a son.

My name is Amanda and I was born on December 18, 1992. I was born at Fort Sanders Hospital in Knoxville, Tennessee. My mom said when she was a teenager she was going to name me Amanda. When I was a baby I liked to play with a piece of paper, played with the toy kitchen, and raced with my dad. When I started school I went to Rush Strong School. I still go there today. My teacher in Kindergarten was Mrs. Shrader. My best friend was Jamie Hickmen. My dad grew up with her mom. In first grade I got my first award for the top scholars. My favorite subject in school was reading. It still is my favorite subject today. I loved to read. It felt good to curl up with a good book. After school, I like to play on the swing set. I played in the sand the most. As I grow up I plan to go to college. I want to be a nurse, or a teacher, or maybe both. I also plan to get married and have two kids.

This is all about my past and future. Please read on! June 22, 1993 I was born in Morristown Hamblen Hospital. My mom decided to name me Kristin. When I got home from the hospital I had already had one brother name Erik. He was already two years old.

When I got a little bit older I always played with Erik. A couple years later I turned five. I had to go to school. I still went to Talbott for kindergarten. My teacher was Mrs. Vest. That's when I met my very best friend, Alisha. We were never aloud to sit together because we talked too much. I got in trouble too. One year later I was in first grade. My teacher's name was Mrs. Freshour. My friend, Alisha used to read stories together. First grade was really fun! When I was seven I was in second grade. I had to change to a different school called Union Heights, but I didn't like it as much as Talbott. So my mom let be go back to Talbott. I like it much better! I turned eight. I was finally in the third grade. I loved my teacher, Mrs. Britt. She was another one of my favorite teachers. She used to let us read for almost an hour everyday. She was an awesome teacher. One summer later I turned nine. I was in fourth grade. My teacher's name was Mrs. Tyrell. Our class won Tidey Tables. Its when everyone gets done eating, who evers class has the cleanest table gets a trophy for a week. Now I'm in fifth grade. My teachers now are Mrs. Moates and Mclennen. In fifth grade I'm having a blast.

Right now I'm not sure what I want to be when I grow up. Maybe I might want to have a family, but that's a whole different story. Before I do anything I have to go to college. That's my life story for the past and the future.

I'd like to tell you about my life. By the way, my name is Billy Bob Cluck.

I had a very unusual early life. I was born in a barn, and was raised by chickens named Cluck and Cluckette. Would you believe I pitched eggs at animals that bullied me? I learned to walk by holding on to Grandpa Jack's tail. Oh, Grandpa Jack is a donkey who is 76 years old in donkey years. That was my life until I went to school.

My first day of school, I rode Grandpa Jack to Country Farm Elementary School. My principal Mr. Chicken said, "Hello" as I came in the door. My kindergarden teacher told me that Tennessee was named after the Indians. She also, helped me find Grandpa Jack at the end of the day. Her name was Mrs. Piggy. My favorite subjects were spelling and pecking, which I always made A's in at recess, my favorite game was Pin-the-tail-on Grandpa Jack because he was always loosing his tail! As soon as I graduate from Country Farm High School, I have some big plans.

I have lots of jobs in mind. For instance, I would like to become a pilot and teach chickens to fly as well as me. When I retire, I would like to trade the barn in for a house. These are just a couple of my future dreams.

Some lizards are brown and live in trees also some are green and live in the grass. Lizards only have four legs. I like lizards the blue tail is my favorite.
